

**HILL COUNTRY MHDD CENTERS
BOARD POLICY**

SUBJECT: Charity Care Policy

SECTION: II.P

NUMBER OF PAGES: 5

EFFECTIVE DATE: October 1, 2023

REVIEW DATE:

REVISION DATE: June 4, 2024; October 1, 2024

POLICY Hill Country MHDD Centers (Hill Country) is committed to providing healthcare services in a healthy environmentally safe and ethical manner for the people we serve, our staff and the general public by compliance with Hill Country's mission and applicable federal, state and local laws and regulations and requirements of accrediting bodies.

PURPOSE Hill Country is committed to providing charity care to persons who have healthcare needs and are uninsured, underinsured, or otherwise unable to pay, for medically necessary care based on their individual financial situation. Hill Country strives to ensure that the financial capacity of clients who need quality healthcare services does not prevent them from seeking or receiving care.

Accordingly, this policy:

- Includes eligibility criteria for financial assistance – free and discounted (partial charity care),
- Describes the basis for calculating amounts charged to clients served eligible for financial assistance under this policy,
- Describes the method by which clients served may apply for financial assistance,
- Describes how Hill Country will widely publicize the policy to the Community, and
- Limits the amounts that Hill Country will charge for eligible services provided to clients qualifying for financial assistance to the amount generally billed (received by) Hill Country for private and public insurance (Medicaid, Medicare, etc.).

Clients are expected to cooperate with Hill Country's procedures for obtaining charity care or other forms of payment or financial assistance, and to contribute to the cost of their care based on their individual ability to pay subject to the rules, regulations, and contractual requirements of Hill Country's various funding agencies.

To manage its resources responsibly and to allow Hill Country to provide the appropriate level of assistance to the greatest number of people in need, the Board of Trustees establishes the following guidelines for the provision of client charity care.

DEFINITIONS For this policy, the terms below are defined as follows:

Charity Care: Healthcare services that have been or will be provided but are never expected to result in cash inflows. Charity care results from Hill Country's policy to provide healthcare services free or at a discount to clients who meet the established criteria.

Bad Debt: Healthcare services that have been or will be provided and cash inflow is anticipated for all or a portion of the charge. Includes the monthly Sliding Scale Fee Schedule charges not collected for clients above 400% of FPL. Bad Debt is not eligible for reimbursement from federal charity care programs

Family: According to the Census Bureau, a group of two (2) or more people who reside together and who are related by birth, marriage, or adoption. In addition, according to Internal Revenue Service rules, if a client claims someone as a dependent on his/her income tax return, that person may be considered a dependent for purposes of the provision of financial assistance.

Family Income: Family Income is determined using the Census Bureau definition, which uses the following income when computing federal poverty guidelines:

- Includes earnings, unemployment compensation, workers' compensation, Social Security, Supplemental Security Income, public assistance, veterans' payments, survivor benefits, pension or retirement income, interest, dividends, rents, royalties, income from estates, trusts, educational assistance, alimony, child support, assistance from outside the household, and other miscellaneous sources.
- Noncash benefits (such as food stamps and housing subsidies) do not count.
- Determined on a before-tax basis.
- Excludes capital gains or losses; and
- If a person lives with a family, includes the income of all family members (non-relatives, such as housemates, do not count).

Uninsured: A person who has no level of insurance or third-party assistance with meeting his/her payment obligations.

Underinsured: A person who has some level of insurance or third-party assistance but still has out-of-pocket expenses that exceed his/her financial abilities.

Gross charges: Total charges at Hill Country's full established rates for the provision of client care services before deductions from revenue are applied.

Sliding Scale Fee Schedules: Client financial share calculated utilizing rules, regulations, and contractual requirements of Hill Country's various funding agencies. (HHSC MH/IDD; HHSC; HHSC Autism; TCOOMMI, etc.)

PROCEDURES

- A. **Services Eligible Under This Policy.** For purposes of this policy, "charity care" or "financial assistance" refers to healthcare services provided by Hill Country without charge or at a discount to qualifying clients. The following healthcare services are eligible for charity care:

1. Behavioral health services
 2. Immunizations
 3. Public health services
 4. Other preventative services
- B. **Eligibility for Charity Care.** Eligibility for charity care will be considered for those clients who are uninsured, underinsured, and who are unable to pay for their care, based upon a determination of financial need in accordance with this Policy. The granting of charity care is based on an individualized determination of financial need, and does not consider age, gender, race, social or immigrant status, sexual orientation, or religious affiliation.
- C. **Method by Which Clients May Apply or be Assessed for Charity Care.**
1. Financial need is determined in accordance with procedures that involve an individual assessment of financial need; and may
 - a. Include an application or assessment process, in which the client or the client's Legally Authorized Representative (LAR) are required to cooperate and supply personal financial and other information and documentation relevant to making a determination of financial need.
 - b. Include the use of external publicly available data sources that provide information on a client's or LAR's ability to pay (such as credit scoring).
 - c. Include reasonable efforts by Hill Country to explore appropriate alternative sources of payment and coverage from public and private payment programs, and to assist clients to apply for such programs.
 - d. Consider the client's available assets, and all other financial resources available to the client.
 - e. Include a review of the client's outstanding accounts receivable for prior services rendered and the client's payment history.
 2. A request or assessment for charity care and a determination of financial need can be done at any point in the collection cycle but is preferred to be completed within the first 30 days of treatment. The need for financial assistance is re-evaluated annually and whenever a significant change has occurred which affects the client's or LAR's eligibility for charity care.
 3. Hill Country's values of human dignity and stewardship shall be reflected in the application, financial need determination and granting of charity care. Requests for charity care shall be processed promptly with notification to the client or LAR in writing within 30 days of receipt of a completed application or assessment.
- D. **Presumptive Financial Assistance Eligibility.** There are instances when a client may appear eligible for charity care discounts, but there is no financial assistance form on file due to a lack of supporting documentation. Often there is adequate information provided by the client served or through other sources, which provide sufficient evidence to provide the client with charity care

assistance. In the event there is no evidence to support a client's eligibility for charity care, Hill Country can use outside agencies in determining estimated income amounts for the basis of determining charity care eligibility and potential discount amounts. Once determined, due to the inherent nature of the presumptive circumstances, the only discount that can be granted is a 100% write-off of the account balance.

Presumptive eligibility may be determined based on individual life circumstances that may include:

1. State-funded prescription programs.
2. Homeless or received care from a homeless clinic.
3. Participation in Women, Infants and Children programs (WIC).
4. Food stamp eligibility.
5. Subsidized school lunch program eligibility.
6. Eligibility for other state or local assistance programs that are unfunded (e.g., Medicaid spend-down).
7. Low income/subsidized housing is provided as a valid address; and
8. Client is deceased with no known estate.

E. **Eligibility Criteria and Amounts Charged to Clients.** Services eligible under this Policy are made available to clients on Sliding Scale Fee Schedules, in accordance with financial need, as determined in reference to Federal Poverty Levels (FPL) in effect at the time of the determination. The basis for the amounts charged to clients served who qualify for financial assistance is as follows:

1. Clients whose family income is at or below 400% of the FPL are eligible to receive services at a discount of 100%.
2. Clients whose family income is above 400% but not more than 500% of the FPL are eligible to receive services at a discount (partial charity care) at rates discounted using Sliding Scale Fee Schedules. Uncollected fees assessed are Bad Debt and ineligible for reimbursement under federal charity care programs.
3. Clients whose family income exceeds 500% of the FPL may be eligible to receive discounted rates on a case-by-case basis based on their specific circumstances, such as catastrophic illness or medical indigence, at the discretion of Hill Country; however, the discounted rates shall not be greater than the amounts generally billed to private or public insurance and discounted using Sliding Scale Fee Schedules. Uncollected fees assessed are Bad Debt and ineligible for reimbursement under federal charity care programs.

F. **Communication of the Charity Care Program to Clients and Within the Community.** Notification about charity care available from Hill Country, includes a contact number, and is disseminated by various means, which includes, but are not limited to, the publication of notices in monthly statements and by posting notices in clinics, waiting areas, intake and assessment, business offices, and financial services that are located in Hill Country facilities, and other public

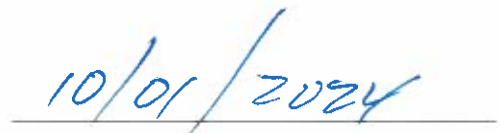

places as elected. Hill Country widely publicizes a summary of this charity care policy on Hill Country website, in brochures available in client access sites and at other places within the community served by Hill Country. Such notices and summary information are provided in accordance with Hill Country's Cultural and Linguistic Competency Plan.

- G. **Relationship to Collection Policies.** Hill Country develops policies and procedures for internal and external collection practices (including actions Hill Country may take in the event of non-payment, including collections action and reporting to credit agencies) that take into account the extent to which the client qualifies for charity care, a client's good faith effort to apply for charity care from Hill Country, and a client's good faith effort to comply with his or her payment agreements with Hill Country. For clients who qualify for charity care and who are cooperating in good faith to resolve their discounted bills, Hill Country may offer extended payment plans, will not send unpaid bills to outside collection agencies, and will cease all collection efforts. Hill Country will not impose extraordinary collections actions such as wage garnishments; liens on primary residences, or other legal actions for any client without first making reasonable efforts to determine whether that client is eligible for charity care under this financial assistance policy. Reasonable efforts shall include:
1. Validating that the client owes the unpaid charges and that all sources of third-party payment have been identified and billed by Hill Country.
 2. Documentation that Hill Country has attempted to offer the client the opportunity to apply or be assessed for charity care pursuant to this policy and that the client has not complied with Hill Country's financial assessment requirements.
 3. Documentation that the client does not qualify for financial assistance on a presumptive basis.
 4. Documentation that the client has been offered a payment plan but has not honored the terms of that plan.
- H. **Regulatory Requirements.** Implementation of this Policy does not negate or supersede compliance with all other federal, state, and local laws, rules, and regulations applicable to the services outlined herein.
- I. **Staff Training Requirements.** Staff will adhere to parameters outlined in TAC Rule §355.8215 and Healthcare Financial Management Association guidance found in the June 2019 Statement 15: "Valuation and Financial Statement Presentation of Charity Care, Implicit Price Concessions and Bad Debts by Institutional Health Care Providers" in relation Charity Care.
- J. **Eligible Providers.** In addition to care delivered by Hill Country, medically necessary care delivered by contract providers for which Hill Country bills are also covered under this financial assistance policy. External provider practitioners who are responsible for their own billing are not included.
